TOPICS OF THE TIME.

"Good news," says the Paris Consti-

tutionnel, "is being received from the

wine-growing districts. There is but one

cry of joy and admiration in the vine-

yards at the magnificent appearance of

the vines. Since 1840 such promises of

abundance have not been seen."

THE English colliers think bathing

tends to weaken the system. At a recent

meeting to discuss the question of pro-

viding public baths, one of the class

made the statement that he had heard of

a collier who had not washed for forty

years, and boasted of the fact.

DURING a recent tornado in Minnesota

two sheep were carried fully a mile by

the wind, and finally landed in a tree

top, where they were found pinned to-

gether by a board that had been driven

through their bodies. Argyle, who

does not believe the story can go and see

the sheep and the tree and the board.

A CURIOS instance of the cheapness of

wheat and the dearth of provender in

the same time is given by an English

farmer in Mark Lane Express, as having

sold his wheat grown on one field for 25s

sterling, but for the straw which pro-

duced this wheat he obtained 25s.

SINCE 1872 the balance of trade has

been against Germany to the tune of

\$600,000,000; that is, her imports have

exceeded by that amount her exports.

Living is twice as dear at Berlin as it

was prior to the late war, and the popula-

tion have already run through the dribbles

of the French indemnity. Increased taxa-

tion or another war with France must

ensue.

SOME speculating lecture-agent has

urged John Bright to come to this coun-

try next fall, and even went so far as to

send him a blank check to fill with any

sum he pleased. Mr. Bright declined

being exhibited on the platform in any

such way. He has no ambition to be

hawked about the country and shown up

to hero-hunters at half a dollar a head.

AN attempt is being made on the

Swedish coast to recover the cargo of an

East Indian ship, which foundered near

the Fort of Elfsborg in 1812. The

diving operation has been very success-

ful, a large quantity of old Chinese por-

celain having already been recovered in

so perfect a condition that pieces have

been sold to collectors at high prices.

THE Viceroy of Egypt is about to as-

tonish the world again. He has resolved

to build a railroad along the valley of

the Nile in the interior of Africa, and as

he has plenty of money and thousands of

serfs at his command, in a few years

accomplish his purpose. In a few years

African explorers will be able to travel

in sleeping cars, and to write magnificent

descriptions of places they pass through

in the dark.

A FALL RIVER (Mass.) man successfully

raises water lilies. In his yard he sunk

in the ground the half of an old cask, the

bottom of which he covered with peat

and swamp mud, and then filled it with

water. Early in spring he placed several

water lily roots among the peat at the

bottom of his artificial pond, and now he

has a number of pure white flowers daily

unfolding their petals and greeting the

senses with their beauty and fragrance.

COMPLAINTS have been made to the

Treasury that the fractional currency is

becoming scarce. This is mainly due to

the fact that no fifty-cent notes have

been printed for some months, on ac-

count of the number of counterfeiters. A

council has been held in the office of the

Secretary of the Treasury of the leading

officers of the Comptroller's, the Treas-
urer's office and the office of engraving

and printing, at which it was decided to

use the old plate, with some modifica-

tions, and to immediately resume print-

ing fifty-cent notes.

THE Hungarian journals publish a

series of reports on the state of crops. Ac-

cording to the intelligence given, the har-

vest will be, to say the least, a medi-

um in point both of quantity and qual-

ity; in many districts the result will be

satisfactory, and in some there will be

even more than an average crop. On the

other hand, in the Province of

Foronta, Bacs and Femes, it will be below

the general run. The tobacco plant has

been destroyed by grasshoppers. Hopes

are entertained that the attack of these

insects will not extend to the maize.

PERHAPS, after all, we shall have to

rely on the fashionable dressmakers to

deal the death blow of polygamy. A

Salt Lake City correspondent says that

one of the chief causes of disaffection in

Mormondom is the introduction of fash-

ionable dressmaking and the consequent

creation of a taste among the Mormon

women for finery. They have discovered

that where a man has half a dozen wives

it is impossible for him to foot all the

millinery and dressmaking bills, and con-

sequently a number of the ambitious

have become warm advocates of mono-

gamy, as they perceive such a taste en-

ables them to gratify the dress propensity.

Very few of the Mormons are able to pay

for the fashionable costume of five or

ten wives. Before bustles and other

paraphernalia were introduced the saints

had an easy time, as their wives dressed

in the coarsest material. Let Utah be

colonized by fashionable dressmakers, by

all means.

CURTAIN.—The curtain owes its

refreshing quality to malic acid, which

makes it peculiarly grateful when pre-

pared as a drink for both sick and well.

A pleasant impromptu drink is made by

mashing a few currants and pouring

them into water; then strain the whole

through anything that will retain the

stems, skins and seeds; sweeten, and re-

duce with water to taste, grating in a

little nutmeg if liked.

DISSENT.—By mutual consent, the firm of Stagg & Terhune, Cabinet-Makers and Undertakers, in Stanford, is dissolved, Mr. Stagg retiring. The business will be continued by the undersigned at the same stand on Depot street. If you employed Mr. Stagg as a workman, and he will remain with me. The public patronage is respectfully solicited. E. A. TERHUNE.

IS YOUR LIFE WORTH 10 CENTS.—Sickness prevails everywhere, and every-day complaints of some disease during his life. When sick the object is to get well, now we say plainly that no person in this world that is suffering with Dyspepsia, Liver complaint and its effects, such as Indigestion, Constipation, Sick Headache, Sour Stomach, Heart Burn, Palpitation of the Heart, Depressed Spirits, Bilelessness, &c., can take GREEN'S AUGUST FLOWER without getting relief and cure. If you doubt this, go to your Druggist, Bohon & Stagg, and get a Sample Bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

HOME JOTTINGS.

FAIR Hats at Tevis.

More rain! Will Professor Tice please "step down and out."

ATTENTION is called to an advertisement in another column offering a reward of \$50 for a transient husband.

McMAHON & Co., refused to sign the contract for the Tennessee River Bridge. It will be let again on the 31st. inst.

COAL is selling at eight cents a bushel delivered on the cars at Livingston. It costs about 12 cents delivered at the depot here.

We learn that the young gentlemen of Hustonville were penniless by way of button-hole bouquets. Reason assigned—fines.

STEPHEN OWLEY of this county, bought a lot of hogs on Cumberland river, at 6 cents. These hogs were as good as any raised in our county.

REV. J. A. BOYLE, of Hustonville, preached an excellent sermon to a good audience in the Presbyterian Church here, on Sunday last.

DOCTOR A. F. MERRIMAN, who has been sick for some time, is again at his post, attending to those who unfortunately need his dental services.

REV. G. O. BARNES has been preaching a series of remarkable sermons in the Court House here, for a week or so past, at night, on the Old Testament Scriptures.

THE numerous friends of Dr. S. H. Brown will be gratified to learn that he has returned from a sojourn at Russell Springs, greatly improved in health, and not materially damaged in morals.

JUDGE J. M. PHILLIPS, School Commissioner, desires us to inform the Teachers and Trustees of the county, that the per capita for the school year ending June 30, 1876, is, to whites \$1.90, to blacks 30c.

PERSONAL.—Miss Nannie Talbot, of Carlisle, daughter of the late editor of the "Central Dispatch," formerly published here, is gladdening the hearts of her relatives and friends, by a visit to our village.

OUR clever young friend, Dr. J. G. Carpenter, has decided to locate at Crab Orchard. We congratulate the people of that vicinity on their acquisition, and trust that they will show their appreciation by a paying patronage.

THE revenues of Hustonville have increased under the administration of Judge Brown to such an extent that the Board is now expending the surplus in grading and paving. Passengers can now safely cross any of the streets on foot.

REV. R. H. CALDWELL has been holding an interesting meeting at Walnut Flat, since Sunday last. He preaches twice a day to large audiences. No additions to the Church have been made as yet, but a religious feeling is manifested.

N. B. TEVIS received on yesterday a most elegant assortment of Gentlemen's Fall Hats. The styles are all new and handsome, and the prices low enough to suit the most impetuous. Tevis is always up to the times, both in prices and fashions.

SELECT SCHOOL.—Miss Logan will reopen her select school for girls and boys, on the second Monday in September. Her school-room has been refitted and painted, which will add much to the comfort of the scholars. We trust a liberal patronage will be extended here.

We take pleasure in expressing to the public the prompt and satisfactory manner in which the Phoenix Insurance Company, of Hartford, Conn., through their agent, G. R. Waters, settled their indebtedness to us caused by the fire of May 30th, 1875.

J. H. & S. H. SHAWES.

HAIR BRAIDS FOUND.—The gentleman who lost the hair braids and advertised the fact in our paper, is informed that they have been found and left at our office for him. Now don't you see the good of advertising? A little investment of this kind has brought the lost back and saved ten or fifteen dollars to the owner.

CATO is a man of color, residing in the classic clodora suburb, Macksville. He is of huge proportions, and resembles the pictures we see of the Ashtante King. Cato took it into his head to whip his wife \$10 worth, which price was placed upon that glorious privilege by His Honor, the Judge of the Police Court. Cato "thou didst not reason well."

LINCOLN COUNTY NEWS.

Hustonville.

It is so long since you heard anything from the Occident, that your readers have begun to clamor for an appropriate obituary notice of your late correspondent. This would not be advisable at present. The damage to the crops, the flooded fields, and demolished bridges, and torrent-forged highways, are causes enough for grief, without superadding the dismal story of the demise of "Falduff." Therefore, he is not dead, can't consent to die until the people can better bear so sad a bereavement. The report said that he had been thrown by the "Venusian perturbations"—suffered a relapse on witnessing the remarkable "fall of stars" on the occasion of the late election, and is trembling now, in view of the dread recitals given day by day, of the terrible monster "the wild man of the woods" in the region of McKinney's Station. This last is becoming a matter of first-class interest. Nobody believes the stories yet, almost every one is excited. Many have seen the monster, some have felt his touch; others have fired with deliberate aim at his carcass, but no one is able to describe him. The colored race, with their usual superstition, regard the apparition as supernatural. Hence, for the last week, honesty has become an epidemic. The habits of the race are changed, and unless speedily relieved and permitted to resume their natural avocation, starvation must ensue. The whites, who are prone to resolve all mysteries into politics, say it is the defeated and blackened carcass of the "Mountain Eagle," blasted in mid-career, and hurled from his Empyrean height by the storm-flashes of the second of August. We are awaiting developments.

AN attempt was made one night last week, to break into the house of D. Lammie, Esq., who was absent. The screams of the female occupants aroused Rev. J. L. Barnes, who lives near, and brought him to the rescue. With knightly devotion, Masonic fidelity, and Calvinistic courage, he charged the dastard prowler, and drove them from the field. No clue is yet obtained, to lead to the detection of the marauders.

OUR Municipal and Magistrates Courts are kept pretty full of business. "Squire Brown" thinks he will find it necessary to extend his regular sittings to two weeks, while town Marshal Lucas and Constable Campbell, have used up their arithmetic in computing their fees.

There is little doing in the way of trade. In fact, strong symptoms of stagnation. It is noteworthy, however, that on last Sunday, the Rev. J. L. Barnes had the unwelcome fortune of able assistance at the hands of his brother, Rev. G. O. Barnes, of Stanford, and Rev. J. P. McMillan, of Burkesville, the former of whom, preached in the morning, and the latter in the afternoon. It was not our privilege to be present, but we hear both sermons spoken of in terms of high commendation.

FAUSTAFF.

Mr. Editor: We have frequently wondered why some improvement had never been devised in reference to the style of our legal documents. They are too dry, too unpoetical, too stereotyped in form. The thing might be amended. Indeed, the Clerk of our city Council has illustrated this. We were recently shown a notice purporting to be from their official, couched, as nearly as we can remember, in these terms, viz:

"Messrs. H. & A."

It having been made apparent to this Board, that the side walk in front of your office, and on the West side of Lancaster street, is dilapidated, difficult, dangerous, and detrimental to the pedestrian pedestrians of pedestrian perambulators while pursuing their natural and necessary nocturnal mutations, when "night, the sable god" seated in rayless majesty upon her ebony throne, stretches her leaden sceptre over a slumbering world." Now, therefore, you are hereby informed, exhorted, urged, entreated and expostulated with in the tenderest terms, that you forthwith give heed to your ways. By order of the Board, &c.

Now, this style is refreshing. Besides, it is effectual. Messrs. H. & A. meekly bowed, and said they would.

PROF. CHENAULT has decided positively to take charge of the High School in Louisville. He will move his family down the first of September. Center College sustains a great loss in giving up Prof. C. His place we understand, will temporarily be filled by his brothers, Joe and Robert Chenaunt.

COUNTY COURT attracted a very small crowd on Monday last. Very few sales were made, and at an unusually early hour the greater number of people had left town.

We are glad to announce that the health of Dr. J. D. Jackson has very much improved. He has been living with his brother, near Danville, since he returned from Florida. He left the first of this week for Crab Orchard, where he will spend a few days.

We have no news in our town to give—except what has transpired in the Court House, and we will commence and close on that. Last Thursday, the 12th inst., the case of the Commonwealth vs. W. S. Miller charged with the killing of W. S. Miller, was reached, and all both parties, appearing themselves "ready," they proceeded to empanel a jury. About 120 persons were examined before twelve competent ones could be found. Saturday, Monday, and part of to-day was employed in examining witnesses as to the facts connected with the killing, and also to character of Plaintiff and Defendant. Having closed the testimony and being instructed by his honor, the Judge, the argument in the case was as follows: W. O. Bradley eloquently the argument in a short, but very eloquent speech on the part of the Deft. He was followed by Judge Sauley, who spoke nearly two hours, and those who have heard him speak frequently, say it was the finest speech of his life. Hon. G. W. We are awaiting developments.

AN attempt was made one night last week, to break into the house of D. Lammie, Esq., who was absent. The screams of the female occupants aroused Rev. J. L. Barnes, who lives near, and brought him to the rescue. With knightly devotion, Masonic fidelity, and Calvinistic courage, he charged the dastard prowler, and drove them from the field. No clue is yet obtained, to lead to the detection of the marauders.

OUR Municipal and Magistrates Courts are kept pretty full of business. "Squire Brown" thinks he will find it necessary to extend his regular sittings to two weeks, while town Marshal Lucas and Constable Campbell, have used up their arithmetic in computing their fees.

There is little doing in the way of trade. In fact, strong symptoms of stagnation. It is noteworthy, however, that on last Sunday, the Rev. J. L. Barnes had the unwelcome fortune of able assistance at the hands of his brother, Rev. G. O. Barnes, of Stanford, and Rev. J. P. McMillan, of Burkesville, the former of whom, preached in the morning, and the latter in the afternoon. It was not our privilege to be present, but we hear both sermons spoken of in terms of high commendation.

FAUSTAFF.

Mr. Editor: We have frequently wondered why some improvement had never been devised in reference to the style of our legal documents. They are too dry, too unpoetical, too stereotyped in form. The thing might be amended. Indeed, the Clerk of our city Council has illustrated this. We were recently shown a notice purporting to be from their official, couched, as nearly as we can remember, in these terms, viz:

"Messrs. H. & A."

It having been made apparent to this Board, that the side walk in front of your office, and on the West side of Lancaster street, is dilapidated, difficult, dangerous, and detrimental to the pedestrian pedestrians of pedestrian perambulators while pursuing their natural and necessary nocturnal mutations, when "night, the sable god" seated in rayless majesty upon her ebony throne, stretches her leaden sceptre over a slumbering world." Now, therefore, you are hereby informed, exhorted, urged, entreated and expostulated with in the tenderest terms, that you forthwith give heed to your ways. By order of the Board, &c.

Now, this style is refreshing. Besides, it is effectual. Messrs. H. & A. meekly bowed, and said they would.

PROF. CHENAULT has decided positively to take charge of the High School in Louisville. He will move his family down the first of September. Center College sustains a great loss in giving up Prof. C. He was a faithful student, and a man interested in his work, and so made all his recitations very interesting to his classes. His place we understand, will temporarily be filled by his brothers, Joe and Robert Chenaunt.

COUNTY COURT attracted a very small crowd on Monday last. Very few sales were made, and at an unusually early hour the greater number of people had left town.

We are glad to announce that the health of Dr. J. D. Jackson has very much improved. He has been living with his brother, near Danville, since he returned from Florida. He left the first of this week for Crab Orchard, where he will spend a few days.

DANVILLE was blessed with a beautiful shower yesterday, just enough to keep the dust down and the yards green.

GARRARD COUNTY NEWS.

Lancaster.

We have no news in our town to give—except what has transpired in the Court House, and we will commence and close on that. Last Thursday, the 12th inst., the case of the Commonwealth vs. W. S. Miller charged with the killing of W. S. Miller, was reached, and all both parties, appearing themselves "ready," they proceeded to empanel a jury. About 120 persons were examined before twelve competent ones could be found. Saturday, Monday, and part of to-day was employed in examining witnesses as to the facts connected with the killing, and also to character of Plaintiff and Defendant. Having closed the testimony and being instructed by his honor, the Judge, the argument in the case was as follows: W. O. Bradley eloquently the argument in a short, but very eloquent speech on the part of the Deft. He was followed by Judge Sauley, who spoke nearly two hours, and those who have heard him speak frequently, say it was the finest speech of his life. Hon. G. W. Dunlap, old woman, this ain't getting the children a-dren a-dren." And they moved on, leaving him to reflect upon the old maxim: "One half of the world don't know how the other half live."

BE WARNED IN TIME.

THIS IS TO GIVE NOTICE

To the public that a man, who is by law my husband, but unworthily as such, by name Alexander Rutherford, alias Alexander Whitton, left me among strangers in Stanford, Ky., on the 21st day of August last, and took with him all my money and my gold watch worth \$250. Said husband is about 35 years of age, is about 6 feet 2 inches high, and weighs about 180 pounds, and has dark light hair and blue, or blue-gray eyes. When last heard from he was in Nashville, Tenn., and since to reach French River, where he has an interest in a Ferry. I will give Fifty Dollars reward for his arrest and detention until I can get where he is. My object is to compel him to do me justice, and to get my property if possible. I warn the public not to trust him in any manner.

Address, MARY E. RUTHERFORD, Stanford, Ky., August 20th, 1875.

LINCOLN COUNTY NEWS.

Hustonville.

It is so long since you heard anything from the Occident, that your readers have begun to clamor for an appropriate obituary notice of your late correspondent. This would not be advisable at present. The damage to the crops, the flooded fields, and demolished bridges, and torrent-forged highways, are causes enough for grief, without superadding the dismal story of the demise of "Falduff." Therefore, he is not dead, can't consent to die until the people can better bear so sad a bereavement. The report said that he had been thrown by the "Venusian perturbations"—suffered a relapse on witnessing the remarkable "fall of stars" on the occasion of the late election, and is trembling now, in view of the dread recitals given day by day, of the terrible monster "the wild man of the woods" in the region of McKinney's Station. This last is becoming a matter of first-class interest. Nobody believes the stories yet, almost every one is excited. Many have seen the monster, some have felt his touch; others have fired with deliberate aim at his carcass, but no one is able to describe him. The colored race, with their usual superstition, regard the apparition as supernatural. Hence, for the last week, honesty has become an epidemic. The habits of the race are changed, and unless speedily relieved and permitted to resume their natural avocation, starvation must ensue. The whites, who are prone to resolve all mysteries into politics, say it is the defeated and blackened carcass of the "Mountain Eagle," blasted in mid-career, and hurled from his Empyrean height by the storm-flashes of the second of August. We are awaiting developments.
